

Cleveland Baseball Federation
John Carter, Executive Director
17820 Shaw Ave.
Cleveland, Ohio 44107

Re: letter of support

Dear Mr. Carter,

It is with great pleasure and respect I offer this letter of support to the Cleveland Baseball Federation. The Cleveland Baseball Federation has consistently demonstrated a genuine care and understanding for the youth of the Cleveland area while striving to provide a safe atmosphere of learning. The Cal Ripken, Sr. Foundation seeks to partner with organizations that demonstrate not only a strong commitment to youth but also provides capable and dedicated leadership. The Cleveland Baseball Federation has demonstrated these qualities consistently and with professionalism.

The Cal Ripken, Sr. Foundation strives to enrich the lives of youth across the country while using the power of the Ripken name to inspire youth to achieve great things. Each year, the Cal Ripken, Sr. Foundation provides funding and programs to organizations across the country with the hopes of creating positive environments for youth to learn and grow. The Cleveland Baseball Federation's desire to help the youth of Cleveland through baseball/softball to develop self esteem, social values, and life skills and find their path to productive citizenship should be lauded.

Sincerely,

Jeffrey W. Breslin
Director of Grants and Programs
